

Course Summary:	This course is designed to aid in developing practical ethical behavioral skills. Ethical behavior is a vital and integral part of the corrections profession. Trainees will learn and understand ethical behavior and professional conduct as an organization value, honesty, integrity, confidentiality, loyalty, and the importance of professional codes of conduct. Additional topics will include how ethics are formed and their purpose, ethical and non-ethical behavior within the Criminal Justice System, assessing personal and agency liabilities as a result of unethical conduct, and assessing professional standards and moral conduct.
------------------------	---

Performance Objectives:	
A) Identify how ethics are formed and their purpose. B) Discuss and analyze ethical and non-ethical behavior within the Criminal Justice System and its impact. C) Assess personal and agency liability and describe what can be incurred as a result of unethical conduct. D) Explain professional standards and moral conduct and their influence on personnel and the organization. E) Review and explain organizational values and staff responsibilities.
